

JUMPING AT A CONCLUSION.

Marriage Did Not Follow the Nineteen Year's Courtship.

In the amiable way of villagers, they were discussing the matrimonial affairs of a couple who, though recently wed, had begun to find the yoke of Hymen a burden.

"Tis all along o' these hasty marriages," opined one caustic old gentleman, who had been much to the fore in the discussion. "They did not understand each other; they'd nobbut knowned each other for a matter o' seven year."

"Well, that seems long enough," said an interested lady listener.

"Long eno! Bah, ye're wrong! When a body's courtin' he canna be too careful. Why, my courtship lasted a matter o' 19 year!"

"You certainly were careful," agreed the lady listener. "And did you find your plan successful when you married?"

"Ye jump to conclusions!" said the old man, impatiently. "I understood her then, so I didna marry her!"—Tit-Bjate.

A Remarkable Recovery.

Mrs. Frank Stroeb, R. F. Peruna made me look at life in a different light, as I began to regain my lost strength. 'I certainly think Peruna is without a rival as a tonic and strength builder.'"

NEW PHASE IN MEXICAN TROUBLE

United States Will be Requested to Severely Punish Officials of Del Rio, Texas.

Mexico Charges That Americans Permitted Revolutionists to Hold Meetings for Purpose of Planning Raids in Mexico.

City of Mexico.—The United States will be requested by Mexico to punish severely the local authorities of Del Rio, Texas, and possibly others of the state under whose authority they acted. The grounds will be that the officers knowingly failed in their duty by allowing persons who paraded in the Las Vacas raid to ride on to the Texas side of the river uninterrupted, and to bring with them their wounded. Punishment may also be asked for the authorities and police of Del Rio for allowing meetings to be held there for the purpose of fomenting and planning raids, murder and robbery in Mexico.

The latter request, however, will be contingent upon investigations not yet completed, which have for their purpose the ascertaining of the amount of knowledge which the police of Del Rio had of the meetings.

This new phase of the international side of the trouble on the northern Mexico order was made known Thursday by Minister Mariscal of the foreign relations department. Bad faith toward Mexico by the state of Texas in the recent trouble is very strongly suspected by the Mexican government.

"The action of Washington has been the very best," said Minister Mariscal. "Not only has the United States government shown itself willing and eager to assist Mexico, but took steps to move troops to the border, evincing a feeling of friendship which cannot be questioned by Mexico."

DEMOCRATIC MASCOT.

Chairman Tom Taggart Presents With a Rocky Mountain Nightingale.

Denver, Colo.—The Democratic party has secured its mascot for the approaching campaign. It came on Thursday in the shape of a Rocky mountain burro, which was presented to Chairman Thomas Taggart of the national committee by the Denver Times.

Mr. Taggart was unaware of the honor intended for him until the animal was ushered into his presence at his headquarters on the third floor of the Brown Palace hotel. It was duly labeled in large letters in paint, on one side bearing the inscription: "My name is Denver; ask me;" the other side being inscribed: "I belong to Tom Taggart."

TERRIFIC GAS EXPLOSION.

Two Hundred Miners Meet Death in Russian Mine.

Usovo, European Russia.—A terrific explosion of gas occurred in the Rikovsky mine Thursday evening, and a very large number of miners were at work. One hundred and fifty-seven bodies have been recovered, all of which are badly burned, but it is believed that the death toll will reach at least 200. Seventy-three of the men were rescued alive, but many of them are in a serious condition. Ten of the rescued died soon after being taken out of the shaft. There is great excitement here and troops have been called into service to prevent disorders.

Murat Halstead Dead.

Cincinnati.—Murat Halstead, one of the leaders in American journalism for over half a century, and widely known as a vigorous editorial and magazine writer, died at his home in this city Thursday afternoon in his seventy-ninth year. At his bedside were his wife, his son Robert, and one daughter, Mrs. Arthur Stem. Mrs. Halstead celebrated their golden wedding anniversary a little more than a year ago, at which time Mr. Halstead's health seemed frail and as time passed he grew weaker, so that the news of his death was not wholly unexpected.

Republican Candidate for Vice-President Welcomed Home.

Utica, N. Y.—The homecoming Thursday night of Congressman Jas. S. Sherman was made the occasion of a remarkable demonstration. The welcome to the Republican candidate for vice-president was non-partisan and to a great extent personal, for the congressman's recovery from his recent illness has added a reason for public rejoicing upon his safe return. As his train drew into the station bands played, fireworks were set off and church chimes rang.

HARRY ORCHARD SAVED FROM DEATH ON GALLIWS

Idaho Board of Pardons Commutes Death Sentence of Self-Confessed Murderer to Life Imprisonment.

Boise, Ida.—Acting on the recommendation made by Judge Fremont Wood at the time sentence was pronounced, the Idaho state board of pardons on Wednesday commuted the sentence of Harry Orchard to imprisonment for life. Orchard was sentenced to be executed on July 3.

Orchard was arrested two days after the assassination of ex-Governor Steunenberg at Caldwell December 30, 1905, and a few weeks later, while confined in the Idaho penitentiary, confessed his guilt to James McFarland of the Pinkerton detective agency, at the same time charging that he was employed to commit the crime by officers of the Western Federation of Miners. As a result of his confession, Charles H. Moyer, president of the federation; William D. Haywood, secretary-treasurer, and George D. Pettibone, all of Denver, were arrested in that city and brought to Idaho to answer to the charge of murder. Indictments were returned against them and John Simpkins, a member of the executive board of the federation, Simpkins escaped and is still a fugitive; Haywood and Pettibone were acquitted after memorable trials in which Orchard told a story of wholesale assassination which shocked the world. Following the trials of Haywood and Pettibone the case against Moyer was dismissed.

Orchard, who was indicted separately, when arraigned after his confession, stood mute, and the court directed that a plea of guilty be entered. His case was continued from term to term until April 10 of this year, when his case was called at Caldwell and he asked permission to change his plea. The court granted the request and Orchard pleaded guilty to murder in the first degree. In pronouncing the sentence of death a week later, Judge Wood recommended that the board of pardons commute the sentence. In making this recommendation Judge Wood stated that he was firmly convinced that Orchard had told the whole and exact truth at the trials of Haywood and Pettibone and that he was therefore, for the service he had rendered the state, entitled to clemency.

Orchard, to the last, was opposed to having the sentence of court interfered with. Only the day before the board of pardons took up his case he expressed to his attorney the hope that efforts to save him from the gallows would fail.

EATS PIE WITH HIS KNIFE.

Jacob F. Jacobson Nominated by Minnesota Republicans for Governor.

St. Paul.—The Minnesota Republican convention on Wednesday nominated Jacob F. Jacobson of Madison for governor, adopted a platform endorsing the work of the Chicago convention and pledging the party in Minnesota to continue the work of railway regulation. Mr. Jacobson's name was presented to the convention by former Congressman Eddy, who aroused laughter when he said: "The only reflection anyone has been able to cast upon our candidate is that he eats pie with a knife. He is a rough, rugged, natural man. We could not have him any different if we would, and we would not if we could."

SHERIFF THREATENED LAWYER.

Trial of Steve Adams Productive of Exciting Scenes.

Grand Junction, Colo.—O. N. Hilton, leading counsel for Steve Adams, on trial here on the charge of murdering Arthur Collins, appeared before Justice of the Peace Sweeney Wednesday afternoon and filed a charge against Sheriff C. A. Fitzpatrick of Telluride, alleging that Fitzpatrick had threatened him with a revolver. The encounter occurred, according to Hilton, when the two men met at the post-office on their way to the court room. Sheriff Fitzpatrick was brought before the justice, disarmed and placed under bonds of \$1000 pending further hearing of the charge against him.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."

Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."

Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."

Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."

Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."

Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments."

Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency and merits."

Dr. Norman M. Geer, of Cleveland, Ohio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such a pleasant preparation can be administered is a great advantage."

DOCTOR SAID "USE CUTICURA"

In Bad Case of Eczema on Child—Disease Had Reached a Fearful State—His Order Resulted in Complete Cure.

"When I was small I was troubled with eczema for about three months. It was all over my face and covered nearly all of my head. It reached such a state that it was just a large scab all over, and the pain and itching were terrible. I doctored with an able physician for some time and was then advised by him to use the Cuticura Remedies which I did and I was entirely cured. I have not been bothered with it since. I used Cuticura Soap and Cuticura Ointment but do not know exactly how much was used to complete the cure. I can safely say that Cuticura did a lot for me. Rain from Father's Head.

A bright little boy of two summers was unconcernedly playing near his father, who was laboriously occupied with a difficult task which caused big beads of perspiration to drop from his forehead. Presently the lad ceased his play. Looking at his parent doubtfully a moment, he ran swiftly to his mother and, assuming a pained expression, pointed to his father, saying plaintively: "Oo, mamma, see! Poo papa head yainin!"

'GATOR ON THE RAMPAGE.

Edifying Story That is Vouched for by the Georgia Ananias.

"Yes," said the fisherman, "the man had fished all the forenoon, and hadn't got a nibble, so he took another swaller out the jug, pulled off his boots, and lay down on the river bank and went to sleep. As soon as he went to snoring good, a alligator that had been watchin' him all the mornin' crawled up an' swallowed his boots, likewise the jug, with 'bout half a gallon in it, I reckon. The cork came out, and, of course, the 'gator got the full benefit o' the whisky, which so turned its head that it lashed the water with its tail till the river was a foam'n' mass, after which it crawled up on the bank agin an' made despr't efforts to climb trees an' turn double-somersaults, an' do all manner of impossible things!"

"Why didn't it swallow the fisherman, instead of his boot?" some one asked.

"Gators, gentlemen," said the storyteller, "can't stand ever' thing. They must draw the line some'ers."—Atlanta Constitution.
